EDUCATION

University Institute of Engineering and Technology, MDU   *Rohtak, Haryana*
Electronics and Communaction Engineering   *Expected June 2026*

IIT Advance AIR- 5697   *Sept 2022*

PROJECTS

ResQlink   *ReactJS, Redux, NodeJS, ExpressJS, MongoDB, Tailwind, MapBox.*   🐙 *Github*

- Developed an application serving as a centralized hub for registered rescue agencies, real-time mapbased location tracking of disaster sites and other agencies on map also resource sharing between agencies.
- Designed a secure application with JWT-based authorization ,ensuring security. The intuitive interface includes a map with agency locations, collaborative resource management, and precise disaster tracking.
- Enabled rescue agencies to send alerts and requests resources and find agencies through the application.

InvestKart   *ReactJS,NodeJS, ExpressJS, MongoDB, Tailwind.*   🐙 *Github*

- Created InvestKart, utilizing AI algorithms to connect investors with compatible startups,fundraising.
- Developed a user-friendly login/registration system and profile dashboards for user experience, ensuring efficient interaction and collaboration between startups and investors.

VOLUNTEERING AND LEADERSHIP

GEEKHUB And BYTE SQUAD Community   *Uiet Rohtak, Haryana*
Mentor at Geekhub And Byte Squad   *Oct 2023 - present*

- Guided 1st-year students within the Geekhub and Byte Squad tech community, offering guidance and support in their academic and professional development.
- Conducting one-on-one and group mentoring sessions, focusing on topics relevant to the tech field, such as programming languages, software development, and tech career pathways.

ACHIEVEMENTS:

- Successfully completed IASC a Citizen Scientist Campaign by NASA.
- Got 3rd place in VCE's Technofest in App and web with 30+ participating teams.
- Ranked in the top 10 teams out of 100+ Teams in HackJNU 3.0 Hackathon.
- Open Source Contribution (Hacktoberfest 2023) Merged 4+3 pull requests on GitHub, contributing to various projects Successfully completed the event.
- Solved 500+ Coding problems on Leetcode, Code Chef, and Code Studio.   *leetcode*

ADDITIONAL:

Technical Skills : JavaScript,React.js,Node.js,Express.js,MongoDB,C,C++,Bootstrap5,Tailwind.
Developer Tools: Figma, Git, Postman, VSCode, Versal, Linux
Certificates and Awards : Software Engineering Job Simulation (JPMorgan Chase and Co.), E-Commerce and Tech Quiz(Flipkart),HTML and CSS(Great Learning).
